## Vacuum Testers

Vacuum Testers provide quick, positive indication to the quality of the seal between the valve and the valve seat.

### PEG Model Vacucheck 90

Continuous vacuum test with or without the valve springs fitted can be carried out. The process can eliminate the need for 'bluing' or 'lapping'.

FONDERA Model F2578

The FONDERA Model F2578 Vacuum Tester can carry out continuous vacuum testing and has the ability to carry out leakdown tests on final assembly
